Browsing

Select a category and you will be directed to your selection automatically.

Browse alphabetically by clicking a letter.

Results are cross linked for easy selection of related papers by same author, or in the same category.

Click on PDF to view the document in your PDF viewer.

Select abstract to view paper information or summary.

Advanced Searching

The image consists of three screenshots of the indexSMART Advanced Search interface, illustrating the search process. Each screenshot is a Microsoft Internet Explorer window showing the indexSMART website.

Top Screenshot: The "Advanced Search" section is active. A search box contains the word "Missouri". The "In:" dropdown is set to "All Text", and the "For:" dropdown is set to "All of these words". A red callout box points to the search box with the text: "Enter search word(s), select All Text or a specific field to search, and choose a search method."

Middle Screenshot: The "In:" dropdown menu is open, showing options: "All Text", "Title", "Author", and "Session". A red callout box points to the "Search" button with the text: "Click the Search button."

Bottom Screenshot: The search results are displayed. The search box contains "Missouri". The "In:" dropdown is set to "Title", and the "For:" dropdown is set to "All of these words". A red callout box points to the "Match Words Exactly" checkbox with the text: "Checking 'Match Words Exactly' excludes extensions of the search word, plurals, etc." Below the search results, a list of results is shown:

Session: [States Starting with 'M'](#)

Advanced Searching

The screenshot shows the indexSMART Advanced Search interface in a Microsoft Internet Explorer window. The browser title is "indexSMART - Microsoft Internet Explorer". The page has a navigation bar with links: Home | Table of Contents | Author Index | Previous Results | History | Help. The MIRA Digital Publishing logo is on the left, with the email address cdsupport@mirasmart.com below it. The indexSMART logo and a "Browse" button with a dropdown menu "Please Select An Option Below" are in the center. On the right, the "Advanced Search" section has a search box containing "Missouri" and a "Search" button. Below the search box are two dropdown menus: "In: Title" and "For: All of these words". There are two checkboxes: "Match Words Exactly" and "In Current Results". A red arrow points from a callout box to the "In Current Results" checkbox. Another red arrow points from a callout box to the "Match Words Exactly" checkbox. The search results section shows "Search Results for 'Missouri' Back" and "Matches found: 1 - 1 of 1 Print Results". Below this are navigation links: "First Prev 1 Next Last Show All". The first result is "1. Missouri [Abstract] [PDF]" with author "Derick, John; Thurman, Zak" and session "States Starting with 'M'".

Depending on your configuration, documents may display inside your browser, or load separately.

Multidisc Collection

When using a multidisc collection, you may receive a message indicating the system is searching for the CD-ROM drive. This process may take some time, please be patient while the system works.

Please wait while the application detects the CD-ROM.

If this disc is part of a multidisc set, you will receive this prompt when the file you requested is located on a different disc.

It may take a few moments to read another disc. If this window appears again after you've inserted the disc, please click ok to continue.

Multidisc Collection

The application was unable to determine the location of the drive in which the CD-ROM resides. Please make sure that the CD-ROM has been placed in a readable drive and either click 'Automatically Rescan Drives' or enter the path to the appropriate drive and click 'Scan Specified Location'.

If you receive this message, click the button to automatically rescan to detect your drive.

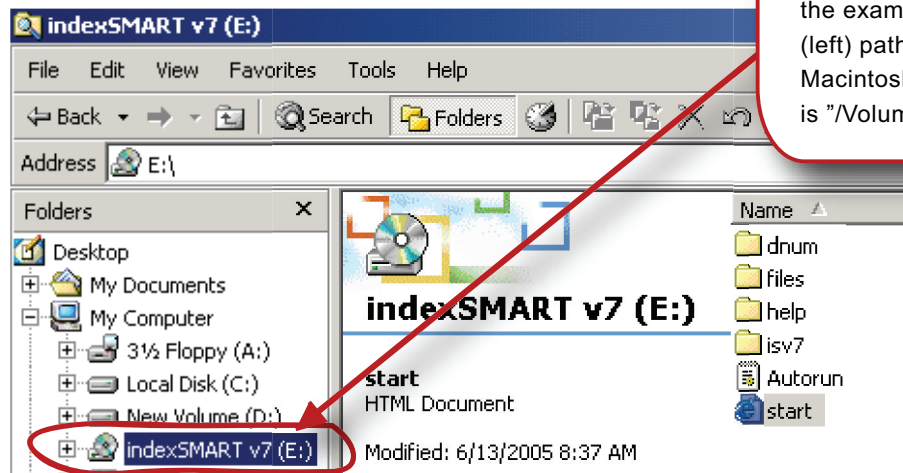

Automatically Rescan Drives

If your drive cannot be detected, you can enter the path manually.

Scan Specified Location*:

*For example:

Windows:	D:/
Macintosh OSX:	/Volumes/<discname>/
Macintosh Classic:	/<discname>/
Redhat Linux:	/mnt/cdrom0/
Solaris:	/cdrom/cdrom0/

To enter the path manually, locate the CD and type in the path. In the examples below, Windows (left) path name is "E:/" and the Macintosh OS X (right) path name is "/Volumes/indexSMART v7/".

OUR TECHNOLOGY. YOUR CONTROL.

SUPPORT:

We provide direct user support from 8am - 5pm Central Standard Time (GMT -6) or Central Daylight Savings Time (GMT -5), Mon - Fri, exclusive of recognized holidays.

Next business day response for off-hour requests.
