NOTICE

The project that is the subject of this report was a part of the Transit Cooperative Research Program conducted by the Transportation Research Board with the approval of the Governing Board of the National Research Council, acting in behalf of The National Academies. Such approval reflects the Governing Board's judgment that the program concerned is of national importance and appropriate with respect to both the purposes and resources of the National Research Council.

The members of the Project Committee selected to monitor this project and to review this report were chosen for recognized scholarly competence and with due consideration for the balance of disciplines appropriate to the project. The opinions and conclusions expressed or implied are those of the researchers, and, while they have been accepted as appropriate by the Project Committee, they are not necessarily those of the Transportation Research Board, the National Research Council, The National Academies, or the program sponsors.

FOREWORD

USE OF INDEXES TO LOCATE THE DESIRED CERTIFICATION, DETERMINATION, AND POLICY LETTER:

Each index will include the page on which cases can be found. Use the State by State Index if you need to research decisions pertaining to transit agencies within a particular state. You will find the Subject and Issue Index more useful if you wish to determine how the United States Department of Labor has resolved particular issues. If you know the name of the certification, determination, or policy letter for which the search is being conducted, use the Alphabetical List of Landmark Certifications.

The actual arrangement documents for these decision letters have been removed. If you wish to review an arrangement, contact the Department of Labor, Employment Standards Administration. To see sample arrangements, visit the DOL Web site at <http://www.dol.gov/esa/>. Click onto the Office of Labor-Management Standards link and then the Transit Employee Protections link. Finally, scroll down to the Sample Protective Arrangements–Protective Terms menu.
