

Our State's Road Usage Charge Program

What is a Road Usage Charge (RUC)?

RUC is a user fee based on the number of miles driven instead of the gallons of fuel consumed. Similar to utilities, drivers pay for what they use. It is a potential replacement for the gas tax as a source for transportation funding.

How will our RUC system work?

Our program includes the following components:

- Sign up:
- Rate: X cents per mile driven
- Other details:

How is our RUC system unique?

Notable aspects of our program include:

- Item 1
- Item 2
- Item 3

Average Annual Fuel Tax Payments

\$0 **Electric Vehicle (EV)**
MPG Doesn't Apply

\$ABC **Gas Hybrid**
50 MPG

\$XYZ **Conventional Sedan**
25 MPG

Based on state fuel tax rate of \$X/gal, federal rate of \$X/gal, and state average of X miles driven.

Annual Fees for Alternative Fuel Vehicles

	2020	2021	2022+
EV	\$XX	\$XX	\$XX
PHEV	\$XX	\$XX	\$XX
Gas Hybrid	\$XX	\$XX	\$XX

Alternative Fuel Vehicle Growth (%)
