

Our State’s Road Usage Charge Program

What is a Road Usage Charge?

Road usage charge is a user fee based on the number of miles driven instead of the gallons of fuel consumed. Similar to utilities, drivers pay for what they use. It is a potential long-term replacement for fuel taxes. Our state began operating a road usage charge program on X date.

How does our program work?

Our program includes the following components:

- Sign up:
- Rate: X cents per mile driven
- Other details:

How is our program unique?

Notable aspects of our program include:

- Item 1
- Item 2
- Item 3
