

Thank you for your interest in participating in Washington State Road Usage Charge (WA RUC) research to test drive a per-mile charge system. Washington drivers will have the opportunity – at no cost – to help shape the future of this system through direct participation. WA RUC is a project of the [Washington State Transportation Commission](#).

To ensure a diverse group of research participants from all over Washington, we need to learn a bit more about you and the car you drive. To be eligible, please complete this questionnaire, which should take less than 5 minutes of your time.

- Because this is a research project, we will need some household information and details about your car so we can personalize your research experience. Questions with a red asterisk require answers.
- Your contact information will be kept private; any information you provide will only be used for this project and never shared or sold.
- Volunteers will be compensated for their time.

There are limited volunteer positions. Apply now to be considered for this opportunity. Volunteers will be invited to the research experience in November or December.

For more information about road usage charging and to see our website, please visit <https://waroadusagecharge.org>.

If you are unable to complete the questionnaire at this time, please [sign up for our mailing list](#).

Please click next or the forward arrow to continue.

Thank you!
